Suite 2105
Washington, DC 20001

Dear Chairman Hood:

I am aware of Horning Brothers Stanton Square project that has 120 Apartments and 42 townhouses in addition to Martha's Table and Community of hope services, early childhood programs and health care offerings will be very beneficial.

I have been a resident of Carver Hall Horning Brothers property for over 6 years. I

find that Horning Brothers is an excellent property manager and addresses the needs of residents. I'm excited that they will be managing the Stanton Square Project
