Dear Chairman Hood:

I am aware of Horning Brother's Stanton Square project that has 120 apartments and 42 townhouses in addition to Martha's Table and community of Hope services for the community. I believe that the Nutritional Services, early childhood programs and health care offerings will be very beneficial.

I have been a resident of Horning Brother's property for over 5 years. Horning Brother's is an excellent property manager and addresses the needs of residents. I'm very excited about the new project that will be coming soon.

I am very supportive of this change to come and look forward to it.

2339 Pitts PI SE #104
Washington DC, 20020

Sincerely,

Ms. Martin
