Re: Zoning Commission Case No. 13-14

Sir, or Madam,

I testified last night (Tuesday, May, 27, 2014) in the above referenced case number. The following constitutes my reasons for requesting your forbearance in this matter. This is a formal request to 'reopen the record.'

Reasons for Request:

1. I am an invalid and in rushing to the meeting I left my 12 copies on the front seat of the cab that brought me to the meeting.
2. During my testimony the Chair specifically asked if my testimony was on record, at that time I thought it was in my bag. Unfortunately, it was not.
3. My testimony contains information relative to the matter and a critical element in a matter of possible perjured testimony.

Thank you for any courtesy you may extend to me in resolving this issue.
