

CONCEPT

1. HISTORIC

It is important to acknowledge and highlight in the evening the historic elements that have been featured in the current scheme. This lighting will support the uniqueness of McMillan as a place in the District.

- A. Olmsted Walk & Berm
- B. North & South Service Courts
- C. Historic Light Fixtures
- D. Manhole Covers

2. URBAN LIFE

The lighting will be appropriate to and support the diversity of nighttime activity that is contained within this precinct.

- A. Park
- B. Community Center
- C. Residential
- D. Commercial
- E. Healthcare Facilities

3. COMMUNITY

It is important that the lighting at night integrate seamlessly with the surrounding neighbors. Attention to light spill and glare are primary.
