

**Personal Affidavit in Support of Form 140 in Zoning Commission Case No. 13-14A**

My name is Daniel Wolkoff. I am over the age of 18 years and submit this personal affidavit with statements that are true to the best of my knowledge.

I am a co-founder of McMillan Coalition for Sustainable Agriculture (MCSA), an un-incorporated citizens association advocating urban sustainable agriculture, “vertical indoor agriculture”, including aquaponics, access to healthy local food, nutrition and exercise based on community ownership.

In the spring of 2015, MCSA sought party status in ZC Case No. 13-14. MCSA did not win party status due to alleged technical defects with Form 140, as well as alleged un-timeliness of our party status application.

We do not want this to happen again as it regards the inter-related Zoning Case No. 13-14A. As such, and according to DCMR 11-3002, I, Daniel Wolkoff, submit Form 140 in a timely manner for ZC Case 13-14A.

In supporting Form 140, and per DCMR 11-3022.3, I, Daniel Wolkoff, attest that pursuant to MCSA's governing principles and as co-facilitator of MCSA, I polled our remaining participating members to affirm my continued representation in Zoning Commission Case No. 13-14A, which is directly related to Zoning Commission Case 13-14, both regarding our McMillan Park.

Per MCSA's Governing Principles, polling of MCSA participating members show no objection to I, Daniel Wolkoff, representing MCSA before the Zoning Commission in this inter-related case Stage 2 PUD application as found in ZC Case No. 13-14A.

As such, given MCSA participants unique relationship to McMillan Park, and given how our current enjoyment of McMillan Park will be significantly disrupted, and given the magnitude of the adverse impacts shown in ZC Case No. 13-14A, I, Daniel Wolkoff submit Form 140 on behalf of MCSA, and request the Zoning Commission for Party Status in this case.

The above statements are to my knowledge accurate and true with the consequence of penalty of perjury under the law.

Signed by:

*/s/n Daniel Wolkoff*
