RE: ZC Case NO. 13-18 The Wheeler Road Renaissance Project

Dear Commissioner we pray you are enjoying the good weather we are experiencing. The late comments you have received from Commissioner Armsted are not true, with a quorum the majority of the Commissioners voted to oppose The Wheeler Road project. The Project manager and their Attorney were present, and our Attorney was present at both meeting in 2013, and 2014 to oppose this project. The minutes Commissioner Armstead presented are forged. Commissioner Armstead has not attended one Zoning hearings involving case No. 13-18. The Senior Project Manager strongly advised Commissioner Armsted to oppose this two days after the dead line. She states in her letter "she" has been meeting with The Washington Business Group a long time, but just surfaced . We have copies of a check The Washington Business Group attempted to give one member of The Accord to settle a CBA.
