Project Experience with Antunovich Associates Includes:

Hecht Warehouse District,

New Retail and Parking Structure, Washington, DC

Project Manager for new building involving almost 50,000 square feet of retail space and 400,000 square feet of structured parking. The structured parking was designed to be convertible into multifamily residential as the District continues to become less automobile dependent.

Hecht Warehouse Redevelopment, Washington, DC

Project Manager for the adaptive reuse of the Hecht Company Warehouse on New York Avenue. The project has roughly 570,000 gross square feet of retail and residential spaces currently under construction.

740 6th Street NW, Washington, DC

Project Manager for the redevelopment of roughly 20,000 square feet of retail and office space in Chinatown. Currently under construction.

915 F Street NW, Washington, DC

Project Manager for the restoration and adaptive reuse of the Equitable Building in the Penn Quarter. The project will have street and cellar level retail in the historic structure and 7 new stories of office space off of the rear alley.

Reading Station, Reading, PA

Project Manager for the redevelopment of over 150,000 square feet of rehabilitated retail within old rail service buildings in Reading, PA.

Experience with Previous Firms Includes:

University of Mary Washington, Dahlgren Campus Masterplan and Phase I Building, Dahlgren, VA

New campus with a 42,000 square foot classroom and auditorium building with broadcasting capability. LEED Silver Certification was obtained. The project utilized multiple sustainable strategies such as green roofs, bio swells, and geothermal heat pumps.

John Tyler Community College, Phase II Midlothian Campus Development, Midlothian, VA

New LEED Silver Certified 60,000 square foot building with science labs, a new library and an auditorium in Midlothian, VA. This product was the first LEED accredited building in the Virginia Community College System (VCCS).

John Tyler Community College, Chester Campus 20-Year Master Plan, Chester, VA

20 year Master Plan for John Tyler Community College's 58.4 acre Chester Campus. Land use standards were provided to address building massing, density, circulation and other site considerations.

Fort Detrick Auditorium and Training Center, Fort Detrick, MD

28,280 square foot renovation for a new auditorium and training center in an old warehouse space on Fort Detrick. Anticipating LEED Silver Certified.

Lord Fairfax Community College, Corron Workforce Development Center, Winchester, VA

New 30,000 square foot workforce service and continuing education center with an auditorium on Lord Fairfax Community College's Winchester Campus.

Department of Citywide Administrative Services, Training Center and Office Relocation, New York, NY

40,000 and 60,000 square foot renovations of the Municipal Building in downtown Manhattan for the Department of Citywide Administrative Services.
