*Re: ZC Case No 14-11*

*Dear Chairman Hood and Members of the Commission:*

*I write in support of ZC Case No 14-11. In fact, I would like to see the proposal go even further to stop unsightly "pop ups" and "pop backs."*

*Ugly pop ups are sprouting like mushrooms across the District. Developers are racing to buy and convert single-family homes into million-dollar condos or apartment houses.*

*This amendment has the potential to stop these ugly buildings from continuing to multiply in our city. It will prevent developers from turning single-family homes into monstrosities that can ruin the look of an entire block. It will not, however, prevent homeowners from adding an additional story to their homes, if they need additional room.*

*Please adopt this amendment.*
