**Subject:** comment regarding proposed changes to R-4 designation

I am commenting in support of the proposed changes to the R-4 zoning designation

If anything, the changes should be even more stringent than the ones proposed -- I would like to see a 35-foot limit with none of the 40-foot exceptions

(Really what I would like to see is a complete ban on pop-ups, but this is the next best thing )

Thank you,

Christine Moritz
