Re: ZC Case No 14-11

Dear Chairman Hood and Members of the Commission:

I write in strong support of ZC Case No 14-11. In fact, I would like to see the proposal go much further to stop unsightly “pop ups” and “pop backs.”

Unsightly pop ups are spreading like cockroaches across the District including one topped with a large air conditioner just added across the street from my home. I am forced to wake-up looking at this hideous addition each morning even before I rise from my bed.

Out-of-town developers are racing to buy and convert single-family homes into million-dollar condos or apartment houses utterly ruining the neighborhood character of our residential communities.

With vigilant enforcement, I hope this amendment will stop these ugly buildings from continuing to ruin the charming character of our great city.

Please adopt this amendment.

Sincerely,

Dr. and Mrs. Charles W. McMillion (as if signed)
