Re: ZC Case No 14-11

Dear Chairman Hood and Members of the Commission:

I write in support of ZC Case No 14-11.

This amendment has the potential to prevent developers from turning single-family homes into large condominiums and commercial operations – which is the goal of those opposing this amendment. It will not, however, prevent homeowners from adding an additional floor to their homes, if they need additional room. The opposition is apparently being organized by the Stanton/Eastbanc developers.

Please adopt this amendment.
