Subject: MidCity Development Support

Dear D.C. Zoning Commissioners,

I am a D.C. resident and would like to voice my support for MidCity Development's application 14-18A which will come before the Commission this Thursday. thank you for the opportunity to comment on this application.

MidCity's voluntary decision to retain the project-based Section 8 housing and their plans for social service programming for affordable residents reflects MidCity's longstanding commitment to affordable housing in the District.

Further, this application presents two beautifully designed buildings which will provide high-quality housing for current residents to replace outdated and unattractive housing stock in this corridor.

The overall project will bring opportunity to residents and the overall community. I support the responsible efforts of MidCity in their development and engagement with the District community.

Thank you,

Brian Cooper
