(Square 2866, Lots 831 and 838) for residential use. The Office of Planning submitted its report in support of setting the application down for a public hearing on March 20, 2015. On March 30, 2015, the Commission voted to set down the application for a public hearing. The Applicant provided its prehearing statement on October 6, 2015.

The property that is the subject of this application consists of approximately 29,700 square feet of land area. The property is located mid-block on the north side of Clifton Street, N.W. The property is located in the R-5-B Zone District, and the Applicant seeks a PUD-related map amendment to the R-5-C Zone District. The property is located in the Medium Density Residential land use category on the Future Land Use Map of the District of Columbia Comprehensive Plan.

The Applicant proposes to develop the property with a multifamily residential building containing 155-159 units and approximately 45 underground parking spaces. The building will consist of a total of approximately 118,800 square feet of gross floor area and will have a maximum height of approximately 60 feet. In total, the project will have a floor area ratio of 4.0.
