Re: Zoning Commission Case No. 15-04
Totten Mews PUD

Dear Members of the Zoning Commission:

This letter is to provide additional information on the use of the proposed Friends of Totten Mews Community. The purpose of the Friends of Totten Mews Neighborhood Block Grants is designed to help groups/neighbors complete activities dedicated not only to the improvement of their block, but also to the improvement of quality of life for the surrounding neighbors. The funds will be issued (through an approved application process) to assist fund block activities such as: block beautification, tree boxes, enhance street safety with signs and lights, install benches, educational events, youth sports activates, support block parties and more.

Funds should:

- Improve/beautify a block or public space through a physical improvement
- Involve neighborhood and community residents
- Have standing, sustainable benefits
- Have all necessary plans before starting improvements; and
- Provide a maintenance plan for the upkeep of the completed project

SMD 5A08 is still taking request for usage and community ideas for the use of funds. Please feel free to contact me if you need any additional information.

Commissioner Angel Alston
