OFFICE OF ZONING

TO. JOSHUA SILVER, OFFICE OF PLANNING

Dear Mr Silver

The recently released **Adams Morgan Vision Framework** (draft) document references a proposed downzoning (page 18) of Lanier Heights row houses from R-5-B to R-4 and states this application (filed April 2015) is "currently in the Zoning Commission review process "

Do you have any further information on the status of this application?

Our understanding is that the recent downzoning of all R-4 districts city-wide invalidated the application to downzone Lanier Heights row houses to R-4, since each and every such house in Lanier Heights would be rendered non-conforming under the new R-4 rules.

Our group remains vigorously opposed to downzoning Lanier Heights.

We appreciate any information you can supply regarding this issue.
