Hi Sharon,

I spoke with Commissioner Gambrell of ANC-1C and we would like to proceed without submitting the pre-hearing statement if that will help push our case forward. I understood you to say that we could submit our statement (and I guess other neighbors could submit their own statements) no less than 20 days prior to the hearing... is this correct? I believe that you said that we would go on the calendar for March 21st, can you confirm this also?

Thanks in advance,
Denis
