Re: Z.C. Case No. 15-13 – Request for Extension to file Post-Hearing Submission

Dear Chairman Hood and Members of the Commission:

The Applicant in the above-referenced case hereby requests an extension of three weeks to file its post-hearing submission and a subsequent postponement of its consideration for proposed action. The post-hearing submission currently is due on April 21, 2016 with proposed action scheduled for May 12, 2016.

At the public hearing in this case, the Commission asked the Applicant to make a number of refinements to the design of the project. The Applicant continues to work diligently on these refinements. However, making these improvements and producing the renderings at a level that will retain the high quality of architecture and that will be satisfactory to the Commission is taking much longer than the Applicant anticipated. Because the Applicant wants to produce the highest quality and most responsive design possible, the Applicant requests that the Commission grant additional time to file the post-hearing submission.

The Applicant requests a post-hearing submission due date of May 12, 2016 so that the Commission can consider this case at its June 13, 2016 public meeting.

Sincerely,

/s/ Cary Kadlecek
