Statement of Support

I, Warren Brown, am writing in support of the text amendment to allow Expanded Child Development Homes for up to 12 children. I am a parent living in Ward 4. My children attended Little Angels Child Development Home for three years. Currently the program can care for up to 6 children, but this change will allow the program to have up to 12 children.

This is a very important step because it is important to facilitate growth of small businesses in the District and support successful child care practitioners. Our experience with Little Angels was wonderful. We had one child enrolled for about three years and our second child was cared for at the same location during some summer days. We were always impressed and assured that our children had a positive experience at Little Angels. The facilities were always neat, clean and orderly. The children at the day care were well behaved, cooperative and happy.

Little Angels was often at capacity under the regulations, but my wife and I knew many parents who wanted to bring their child to Little Angels. I feel that parents, children, the District and Little Angels would benefit from expanding the program to allow up to 12 children in one location.

Respectfully,

Warren Brown
