I, Maria Antonia Romano, hereby declare my support for the change which will allow Expanded Child Development Homes up to 12 children. I am a childcare provider in my home, located in Ward # 4. My business has been operating for 3 years. I currently take care of 6 children, but the change would allow me to care for 12 children

This change is very important because I could help the families who are waiting for a space in my home, and I would also have the opportunity to employ more people to work at my Home Day Care

Thank you,

Maria Antonia Romano
