Statement of Support

I, Augusta Prilbin, am writing in support of the text amendment to allow Expanded Child Development Homes for up to 12 children. My name is Augusta. I am a parent living in Ward 4. My child/children attended Estrellitas Child Development Home & Center for 2 years. Currently, their home program can care for up to six (6) children, but this change will allow the program to have up to 12 children.

This is a very important step because Estrellitas is a high-quality child development community, for which access to other families should be expanded. We have two children, one of whom will be starting the home program in February. Our first child started in a home program in February and we value the model of home care very much. It should be expanded to allow more families the opportunity to receive early care. Unfortunately, spots are few and far between. Expanding access could also reduce demand and in turn the cost for families.

Sincerely,

ZONING COMMISSION
