**RE: Support for Z.C. Case No. 15-27.**

Dear Zoning Commissioners:

On behalf of Gallaudet University, I am writing to express our support for the proposed PUD 15-27.

Gallaudet University recently met with Kettler to review the plans for their proposed Market Terminal development and associated Consolidated & 1<sup>st</sup>-Stage PUD at 300, 325 and 350 Morse Street, NE (Z.C. Case No.15-27).

Gallaudet is particularly supportive of the public space design that will create a pedestrian-friendly plaza connection at the west end of Morse Street and connects the University to NoMa and Metrorail.

Additionally, Gallaudet appreciates the intent to include DeafSpace design elements in the public spaces, such as public seating arrangements and material transitions in the proposed plaza.

As such, we encourage the Zoning Commission to vote in support of PUD case number 15-27.

Sincerely,

Fred S. Weiner  
Assistant Vice President for Administration  
Gallaudet University
