RE: Support for Planned Unit Development Applications 16-11 and 16-12 for the Park Morton New Communities Initiative

Dear Chairman Hood and Fellow Commissioners:

As a business owner in this community, I am writing to urge you to approve the Planned Unit Development applications for both the Bruce Monroe Community Park and the Park Morton Public Housing site, or applications 16-11 and 16-12, respectively.

The redevelopment of Park Morton has been long overdue and is necessary in order to improve the living conditions and long-term opportunities for existing Park Morton residents. I support the use of Bruce Monroe as the Build-First site as a way to keep existing Park Morton residents in the community during and beyond the redevelopment effort. The proposal to create a mix of housing types at various income levels and maintain green space across both sites creates a development that is truly inclusive for this community.

As a business owner, I am excited about the opportunities that exist along the Georgia Avenue corridor and in the Park View community to help improve the lives of its residents, as better quality housing creates cleaner streets and safer neighborhoods. Additionally, ensuring that all residents in our community have access to affordable housing opportunities means that those residents will be able to enjoy businesses in their neighborhood and help support economic development in their community.

I urge you and your fellow commissioners to vote to support Park View Community Partners' applications so that this project can move forward with expediency.

Sincerely,

Signature

Pablo R. Sierra
