

BZA Case Number 16-23

To Whom It May Concern:

Revive 3E submits a statement in support of Valor Development and their project, The Ladybird. Our members live all over ANC3E, but our membership is exclusive to residents of ANC3E. Revive 3E received no objections among its membership when considering support for the Ladybird. We support the project because it aims to develop a dilapidated and underutilized parcel, with enhanced housing and retail opportunities for our neighborhood. Thank you for your consideration.

Sincerely,

Benjamin Nussdorf
