RE: Z.C. Case No. 18-06 – Office of Planning Text Amendment To Subtitle G Creating A
New MU-4A Zone And Remaining MU-4 To MU-4B

Dear Chairman Hood and Commissioners,

I am a resident of Cleveland Park and ANC 3C. I am writing in opposition to to proposed text change to create a new city-wide MU-4a zone, and would like to associate myself with the comments made in the letter submitted in this case by ANC 3D. I do not have comments related to the specific issue regarding the parcel at 3200 Pennsylvania Ave SE.

At the time of this submission, just five public comments appear in the record for this case. This amendment, which would have city-wide impact, must have a broader discussion and input from ANCs, civic organizations and citizens before being considered by the Zoning Commission. In summary, I take no position on the disposition of the parcel in question, but ask the Zoning Commission not adopt a new city-wide zone without rigorous public input, which is clearly lacking in this case.

Respectfully submitted,

Robert Ward
