Subject: case number: 18-06

Please stop downzoning! I have been a resident of Ward 3 for over six years now and my neighbors who own houses cannot be allowed to push their NIMBY hatred of new neighbors further into the zoning code. It is time for this area to accept MORE development where it is appropriate, not less. To allow downzoning is regressing and not progressing. DC needs to grow to accommodate everyone who wants to live in our wonderful city.

Thank you for your time!
