Dear Zoning Commission,

As a business owner, property owner and resident of Spring Valley in Ward 3, I ask the Zoning Commission to approve The Ladybird application. Locally owned businesses build strong communities by sustaining vibrant town centers, linking neighbors in a web of economic and social relationships, and contributing to local causes in Ward 3. The communities that create and preserve their one of a kind businesses and distinctive character have an economic advantage. Additionally, local ownership ensures that important decisions are made locally by people who live in the community and who will feel the impacts of those decisions.

The Ladybird proposal will provide local business with more customers within a short walking distance. These stores and the general community will benefit by businesses recycling a much larger share of their incomes back into the local economy. The whole community is enriched by this process and for these reasons I urge the approval of The Ladybird.

Best Regards,

Bo Blair
