UM 1348 4th Street NW, LLC and 1250 4th ST NE, LLC (“Applicant”) filed an application on November 26, 2019, as updated on December 23, 2020, requesting the Zoning Commission (“Commission”) approve a consolidated Planned Unit Development and amendment of the Zoning Map from the PDR-1 to the MU-9 (collectively, the “PUD Application”) pursuant to Subtitle X, Chapter 3 and Subtitle Z, § 300 of the Zoning Regulations (Title 11 of the District of Columbia Municipal Regulations, “Zoning Regulations of 2016,” to which all subsequent references herein are made unless otherwise specified) for Lots 3 and 7 in Square 3587, which Lots have addresses of 1346-1348 4th Street, NE (the “Property”).

The Property consists of approximately 43,782 square feet in the District’s Northeast quadrant and is generally bounded by 4th Street, N.E., to the east and southeast, New York Avenue, N.E. to the northwest, a private alley to the west, and private property to the southwest. The Zoning Map amendment that is part of the PUD Application seeks to rezone the Property to the MU-9 zone.

Pursuant to the PUD Application, the Applicant proposes a project consisting of (i) approximately 430,289 square feet of rental multifamily residential units and retail and commercial lower level uses; (ii) up to three levels of below-grade parking with up to 276 parking spaces; and (iii) a package of additional public benefits. The Project’s public benefits, according to the Applicant, include: superior urban design and iconic architecture, and efficient planning; superior urban design; streetscape improvements along 4th Street, N.E. and New York Avenue, N.E.; approximately 379 new units of housing ($\pm 10\%$), which is in excess of the matter-of-right amount, and 13% of which will be reserved as affordable housing (11% at 60% MFI and 2% at 50% MFI) and approximately 10 to 15 units of three-bedroom housing; LEED v.4 Gold-level design; a shared street design along 4th Street, N.E. and other streetscape improvements; contributions to ANC 5D-
