**Subject:** DOEE comments on ZC Case 20-08, Howard University Campus Plan

Ms Schellin,

The Department of Energy and Environment does not have any formal comments to submit for the record on Zoning Commission case 20-08 for the Howard University Campus Plan. We did participate in a prehearing call with the project team and shared some notes with them at that time. Thank you for this opportunity to comment, however we have nothing to add at this time.

Additionally, a more substantial, full regulatory compliance review by DOEE and other appropriate agencies, including the Environmental Impact Statement Form process, Stormwater Management Permit review, and Green Building Act and DC Green Construction Code compliance, will occur during the permit application process for individual projects.

Best,

**Casey Studhalter**
