

To whom it may concern:

I am the owner of Square 442 LOT 87 or also known as 1738 Glick Court NW. I fully support the re-zoning from RF-1 to ARTS-2 for S Street Village LLC. I believe this will benefit everyone living near or adjacent to the building. Having options for retail, food and affordable housing would be great for the area and DC in general. This project has my full support and I would love to see this come to fruition. Thank you!
