THIS CASE IS OF INTEREST TO ANC 6D

MCRT Investments LLC (the “Applicant”) filed an application (the “Application”) on March 7, 2022, requesting that the Zoning Commission for the District of Columbia (the “Commission”) approve a consolidated planned unit development (“PUD”) and a related Zoning Map amendment from the MU-12 to the MU-10 zone.

PROPERTY

The subject property is an irregular, triangular shaped parcel located in the southwest quadrant of the District located at premises 807 Maine Avenue, S.W., and is more particularly known as Lot 15 in Square 439-S (the "PUD Site"). The PUD Site contains approximately 23,664 square feet (±0.54 acres) of land area, and is generally bounded by 7th Street on the east, Maine Avenue to the south, and the Thomas Jefferson Middle School Academy to the north/northwest. Of note, to the southwest of the PUD Site are three lots that are owned by the District of Columbia that are not included in the Application – e.g., Lots 812 (abutting), 813, and 814 (abutting) in Square 439S.

The PUD Site is located in the northwestern portion of the Southwest-Waterfront neighborhood. The character of the area surrounding the PUD Site is defined by a mix of uses, such as residential, retail, hotel, and a mix of densities, including medium- and high-density buildings, including The

Wharf development to the south. The PUD Site currently is improved with an office building known as the Denvel D. Adams National Service and Legislative Headquarters for Disabled American Veterans.

PROPOSED PROJECT

The Applicant proposes to redevelop the PUD Site with a new mixed-use project that will provide a total of approximately 204,457 square feet of gross floor area ("GFA") (8.64 FAR) and a maximum building height of 110 feet. The building will contain approximately 198,852 square feet of GFA devoted to residential use and approximately 5,585 square feet of GFA devoted to ground floor retail use (the "Project"). The Applicant is making an affordable housing proffer that amounts to 15% of the overall residential GFA, with a majority of the affordable units set aside at 60% of the median family income ("MFI"). The PUD also will provide additional benefits and amenities, including environmental and sustainable benefits, streetscape and landscape improvements in an effort to enhance the pedestrian experience, and a public art feature. The Applicant requests various forms of design flexibility and zoning flexibility from the applicable maximum lot occupancy, minimum rear yard, and minimum side yard requirements.

EXISTING AND PROPOSED ZONING

The PUD Site is currently zoned MU-12. The MU-12 zone is intended to permit moderate-density mixed-use development generally in the vicinity of the waterfront. (11-G DCMR § 500.3.) The maximum permitted density in the MU-12 zone is 2.5 FAR, with up to 3.0 FAR for IZ projects, and with a maximum non-residential FAR of 1.0. (11-G DCMR § 502.1.) The maximum permitted building height in the MU-12 zone is 45 feet, with up to 50 feet for IZ projects. (11-G DCMR § 503.1.)

The Applicant proposes to rezone the PUD Site to the MU-10 zone. Some of the specific goals of the MU-10 zone are to: (i) permit medium- to high-density mixed-use development with a balance of uses conducive to a higher quality of life and environment for residents, businesses, employees, and institutions; (ii) require a level of public space at the ground level. (11-G DCMR § 400.9.) Under a PUD the MU-10 zone permits a maximum FAR of 8.64, with up to 4.02 FAR permitted for non-residential use, and a maximum building height of 110 feet. (11-X DCMR §§ 303.3, 303.4, and 303.7.)

COMPREHENSIVE PLAN

The Generalized Policy Map of the Comprehensive Plan ("CP") designates the PUD Site as a Neighborhood Conservation Area, in which new development should be compatible with the existing scale, natural features, and character of the area, with densities guided by the CP's Future Land Use Map ("FLUM") and CP policies. The PUD Site is also in a Resilience Focus Area, which is an area that will be the subject of a future study to ensure resilience to flooding for new development and infrastructure projects. The FLUM designates the PUD Site as Mixed Use (Medium-Density Commercial / Medium-Density Residential).

SETDOWN

The Office of Planning ("OP") filed a report dated May 2, 2022, marked as Exhibit 14 in the case record (the "OP Setdown Report"), recommending that the Commission setdown the Application for a public hearing.

At its May 12, 2022, public meeting the Commission voted to set down the Application for a public hearing as a contested case.

The Applicant submitted its prehearing submission on May 13, 2022.
