

As a Ward 2 resident and frequent patron of the U Street corridor, I strongly support the approval of this case by the Zoning Commission. These two parcels, 1617 U Street NW and 1620 V Street NW, are located in the heart of one of the densest commercial (and residential!) areas of DC, with ample transit service and other infrastructure necessary to support MU-10 zoned development. I am confident that these developments will indeed bring about and be "conducive to a higher quality of life and environment for residents, business, employees, and institutions."
