Dear Mr. Jones,

I'm managing the Office of Planning's (OP's) participation in the zoning case for the proposed map amendment for 17th & U Streets, NW. I do not have any records on the FLUM Amendment that changed the FLUM designation for the site. It is my understanding it was added during Council review of the draft recommendations that OP had sent for the 2021 update of the Comprehensive Plan.

In case you don't have the link for the proposed map amendment's case record on the Office of Zoning website, it is https://app.dcoz.dc.gov/CaseReport/ViewExhibitsReport.aspx?case_id=23-02

The OP report is Exhibit 2 with a typo correction in Exhibit 7.

The hearing notice is likely to go out later this week and the hearing on the map amendment is likely to happen in late June.

I hope this information is helpful.
