Dear Zoning Commission,

I am resubmitting my letter in opposition to the rezoning and development for the properties located at 4645 and 4649 G Street SE and 4648, 4654, 4656, 4658, and 4660 Hanna Place SE.

I would like to submit this Letter of Opposition against that rezoning of the properties located at 46454 and 4649 G Street SE and properties located at 4648, 4654, 4656, 4658, and 4660 Hanna Place SE, also known as Lots 0335, 0337, 0349, 0352, 0353, 0354, and 0335 in Square 5359. It is a wooded area that provides a tranquil space in a very busy area of the city. The wooded area also contains a family of deer and other species of animals that are important to the ecosystem. The area provides a space for the animals to live and excitement to the people that live in the area to see the animals in the city. Every spring fawns are born and it is nice to observe the deer and other animals develop and roam the area. The removal of the trees will be devastating to the environment and the animals that reside there. Furthermore, the noise from the construction and construction equipment will be very disturbing to the community and worsen the traffic in the area.

A Concerned Community Member

Janell Kelly  
4633 Hanna Place, SE  
Washington, DC 20019

Thank you.
