I ask you to support more affordable housing in Upper Northwest, specifically on the Connecticut Ave corridor surrounding our Wesley Campus and at the Community Center and Library.

Blessed are those who approve the construction of affordable housing.
Blessed are those who construct climate smart, affordable housing.
Blessed are those who construct climate smart, affordable housing with access to public transportation to get to grocery stores, schools and jobs.
Blessed are those with the wisdom to see that Connecticut Ave in upper NW meets the criteria.
Blessed are those with the courage to approve affordable housing along Connecticut Ave in upper NW.

I chair the gun violence prevention team at National UMC. Prevention is deeper than and more than passing gun sense laws. It is providing housing security, food security, job security and financial security. Zoning Commission members have the influence and power to affect housing security.

Please decide to support affordable housing. I say "Yes, In My Backyard."
