Dear Chairman Anthony Hood,

Having written before in support of the Chevy Chase rezoning, I am writing again to say that the decision by the DC Zoning Commission in Case No. 23-25, which rezones parcels along Connecticut Avenue from Chevy Chase Circle to Livingston Street, NW is a good one that I would like to see advance. The decision was made after years of community engagement. These zoning changes are consistent with, and implement the policies of the Comprehensive Plan, the Chevy Chase Small Area Plan, and the Housing Equity Report.

Making Chevy Chase more walkable benefits residents and visitors, and the city desperately needs more affordable housing. These zoning changes help address these needs. They will foster a more walkable street environment along Connecticut Avenue, which as a busy road can feel quite hostile to pedestrians. They will also guide future potential redevelopment that relates sensitively to its neighbors, foster space for small businesses, and add mixed income housing. For the public library site, the rezoning will facilitate its planned redevelopment with a state-of-the-art new library, community center, and public spaces. In addition, it will also help add much needed permanently affordable housing to this public site.

I urge the Commission to support this rezoning to create a more walkable, vibrant, and inclusive Chevy Chase main street.

Thank you for your consideration.

Sincerely,
Ms. Jennine Carmichael
