Dear Chairman Anthony Hood,

I wish to express my support for Zoning Case No. 24-12 (Harrison Wisconsin Owner, LLC – Consolidated PUD & Related Zoning Map Amendment @ Square 1666, Lot 810 and a Portion of Lot 809 [4201 Garrison Street, N.W.]).

The proposal to build a 50-foot tall building with 126 units -- 33% affordable at 50, 60 and 80% median family income is an important contribution to creating a more vibrant and inclusive Ward 3 and transit-oriented, sustainable city. The site is currently occupied by surface parking and a decommissioned 705-foot television tower -- so housing is certainly a much improved use! The site is only two blocks from the Friendship Heights Metro station entrance, along with many services and shops. It's a great place to build more housing -- we need more of it!

The 126 new homes -- a third of which are affordable -- is an important advance to bringing more new and diverse housing opportunities to Friendship Heights and Ward 3, which has failed to meet its affordable housing goals for years.

My one criticism of the project is that it should be larger. If there's anything ZC can do to encourage more homes on this site, like granting relief from parking mandates or allowing a taller building, you should do so.

Thank you for your consideration.

Sincerely,  
Mr. Dennis Sendros
