Re: Letter of Support for Cedar Tree Academy PCS New School Development

Dear Members of the Board,

On behalf of Redbrick LMD, I am writing to express our enthusiastic support for Cedar Tree Academy PCS in their efforts to build a new school in the Bridge District. As developers of the exciting new Bridge District Community housing and retail, we believe the creation of a new educational facility will be an invaluable asset to both the local community and the families who will soon be moving into the new homes within our development.

Redbrick LMD is committed to fostering vibrant, thriving communities that meet the needs of residents at all stages of life. Our development aims to provide not only housing but a sustainable, inclusive environment where residents can grow, work, and thrive. The addition of a modern and well-equipped school like Cedar Tree Academy will play a pivotal role in creating a dynamic, community-oriented atmosphere where families can access quality education within walking distance of their homes.

The new school will also help address the growing demand for educational resources in the area, supporting a diverse range of students and families, and contributing to the overall success of the community. We see this project as a crucial component of the development's long-term success, enriching the quality of life for residents and supporting the development of the next generation of leaders, thinkers, and innovators.

As part of our ongoing commitment to community development, Redbrick LMD is eager to collaborate with Cedar Tree Academy PCS to ensure the school's success and its integration into the surrounding neighborhood. We believe that this new educational facility will enhance the community's appeal, increase its vibrancy, and provide lasting value for both the residents of The Bridge District and the broader city.

Thank you for your dedication to this important endeavor. We look forward to supporting Cedar Tree Academy PCS in its efforts to bring this vision to life and contributing to the positive impact it will have on the community.

Sincerely,

Lindsay M. Morton
