

I am a resident of Petworth, and have lived here for over 2 years. Even in those two years, I have seen Petworth becoming more family-friendly with more shops, restaurants, and more dense housing available for those who may not be able to afford a full Petworth rowhome. I am writing to offer my support in changing § 207.4 to a 16-foot "rule" from the current 10-foot "rule." This will help continue to make Petworth and other DC neighborhoods more affordable.
