Dear members of the zoning commission,

I have lived in North Cleveland Park, at 3718 Windom Pl NW, for the last 12 years. I am writing to strongly support the proposal to remap the Wisconsin Avenue corridor with higher-density mixed use zones.

These rezonings will put more homes, including affordable homes, in appropriate areas within easy reach of Metro and neighborhood retail. The increased density will help support existing local businesses and encourage more businesses to open in some of the under-utilized areas of the corridor.

DC should not be encased in the amber of zoning. We need to grow, particularly in these kinds of areas, to maximize the quality of life for all DC residents.

Sincerely,
Andrew Paciorek
