July 15, 2026

Mr. Anthony J. Hood
Chairman, Zoning Commission
441 4th Street, NW
Suite 200S
Washington, DC 20001

Dear Chairman Hood,

I understand the Zoning Commission recently approved a request from the Office of Planning (OP) to delay consideration of Case No. 25-13 Text & Map Amendments to Create New Wisconsin Avenue Mixed Use Zones from Thursday, July 16, 2026, to Thursday, July 30, 2026. Given the postponement, I would urge the Zoning Commission to open the record in this matter until July 23, 2026, to allow Advisory Neighborhood Commissions 3A and 3E and members of the public to comment on OP's revised proposal.

I definitively do not want to slow resolution of this matter and express no opinion on the merits of the issues. However, given the postponement, if there is an opportunity for comments without imposing further delay, that fuller input would make the ultimate resolution that much stronger.

I appreciate the work of the Zoning Commission and your considered attention to Case No. 25-13.

Sincerely,

A handwritten signature in blue ink, appearing to read "Matthew Frumin".

Matthew Frumin
Councilmember, Ward 3
