Signage depicted is for illustrative purposes only. Actual signage design and extent to be coordinated with hotel operator requirements. Signage to be designed and constructed in accordance with the DC Building Code and sign regulations in effect at the time of permitting. Signage shall be compatible with and complement the building architecture, be coordinated with the building facade system, and consist of high quality materials.

Ground floor storefront and entrances are illustrative and intended to describe the character and scale for the base of the building. The actual ground floor storefront and entrance(s) may be refined in coordination with the hotel operator.
