Zoning Commission:

I am writing to express my opposition to any zoning proposal that would encourage or promote additional commercial development in Cleveland Park or Connecticut Ave.

As a longtime resident of the area I am strongly in favor of maintaining its historical and residential nature. A city needs good residential areas. Cleveland Park cannot absorb more people, traffic, pollution, trash etc. Business should be limited to businesses that serve the immediate neighborhood.

ZONING COMMISSION
CASE NO. 86-26

Thank You.
