ZONING COMMISSION

Dear Mr. Williams:

CASE No. 86-26

EXHIBIT No. 172

We enthusiastically support the rezoning of the Cleveland Park commercial corridors on Connecticut & Wisconsin Avenues to limit commercial building heights to 3 stories. It will be very nice for residents to have a continued "neighborhood feel" to these areas, and to retain small shops that could not afford rents in higher buildings. We are persuaded that the Cleveland Park Historical Society has correctly reflected our interests in this matter.

Sincerely,

David and Holly Hunsberger
