RE: Case No. 86-26

Dear Chairman Williams:

I am writing in support of the rezoning petition (Case No. 86-26) that would change the commercial zoning of Connecticut Avenue in the Cleveland Park neighborhood from C-2-A to C-1.

After renting in the Cleveland Park neighborhood for over five years, I recently purchased a home here. The neighborhood's small shopping area and limited office space are two of its most attractive characteristics, and ones I want to preserve. The neighborhood cannot physically accommodate the increased traffic and parking that would result from large-scale commercial development, nor can it absorb massive commercial growth and maintain its unique character. I urge you to take steps to keep development in Cleveland Park consistent with the city's Comprehensive Plan by approving the rezoning petition for the neighborhood.

Sincerely,

Alicia J. George
