Washington, D.C. 20008

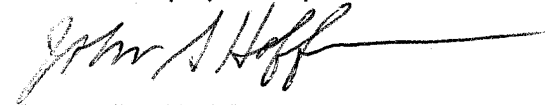

Mr. Lindsley Williams
Chairman
D.C. Zoning Commission
The District Building
Washington, D.C. 20004

Re: Rezoning Cleveland Park Commercial District

Dear Mr. Williams:

I strongly favor rezoning to preserve the residential character of the Cleveland Park neighborhood. Current zoning, which would permit the construction of large office buildings in the Cleveland Park commercial district, does not conform to the City's Comprehensive Plan or the designation of the neighborhood as an Historic District. This is a residential neighborhood with a strong commercial district serving the residents. The rezoning will prevent speculation that could destroy the character of this community. Please act now before further damage is done.

Sincerely yours,

John S. Hoffman
