Re: Rezoning Case No. 86-26

Dear Mr. Williams:

Over the years my husband and I have lived in many parts of this city. I have lived in Georgetown, Foggy Bottom, Spring Valley, near Chevy Chase Circle, out MacArthur Boulevard, and Cleveland Park. My husband has lived in SW, Dupont Circle and near the Van Ness Metro. But when it came time to build a home together we chose Cleveland Park. We chose it for its residential atmosphere, its beauty, relative lack of congestion and its quiet. We strongly support the Cleveland Park Historic Society's rezoning application. Any further development allowable under a C-2-A zoning classification will destroy the residential atmosphere of Cleveland Park. It will turn it into a Van Ness type disaster of congestion, noise and pollution. Parking is difficult enough without the added stress such development would add. Traffic on Connecticut is already very heavy and on Wisconsin impossible.

Cleveland Park is our home. We want to insure that it remains a delightful place in which to live. Therefore, on behalf of my husband and myself, I urge you to consider very seriously this rezoning request and find in favor of the CPHS.

Sincerely,

Leila J. Afzal
