Dear Mr. Williams,
Re: Case 86-26

We support the proposal
of The Cleveland Park Historical Society
to rezone Cleveland Park to protect the
area from overdevelopment. We want to
preserve our neighborhood and keep it
from becoming over-congested. We are
both long term residents of the area
and enjoy the city but don't want to
see this area changed as the proposals
of Cafritz and Daniels would.

Thank You!
