Re: Case #86-26

Dear Mr. Williams:

*87-36C*

As a resident of Cleveland Park for 40 years, I have seen many changes take place along Connecticut Avenue between Macomb and Porter Streets. Though change is inevitable, not all changes are essential or desirable. A case in point is the 11 story multi-use building that has been proposed to be built on the old Park and Shop site.

This location is part of a small area that is already suffering from problems of parking and pollution - problems that will soon be compounded by the completion of a large apartment at 2601 Porter Street. While renovations of the Park and Shop site are sorely needed, a building of the proposed magnitude is considerably beyond the scope that can be comfortably assimilated into the community.

Sincerely,

*Mary L. Sanquist*
