Re: Z.C. case No 8626

Dear Sir,

Inclement weather prevented me from attending the Connecticut Ave Rezoning Hearings to express my support of the Cleveland Park Historical Society's position in this matter and my concern about the future of the neighborhood.

As a 75 year resident of the D.C. and a 37 year resident of Cleveland Park, I deplore the congestion and loss of services already existing and hope that no more will occur.

Sincerely yours
