Washington, D. C. 20004

Re: Z. C. Case No. 86-26

Dear Mr. Williams:

I am a native Washingtonian and I have lived in Cleveland Park for 10 years. I own my condominium apartment.

I am seriously concerned about the future of my neighborhood and want reasonable development, not speculation and loss of neighborhood services.

Currently the traffic congestion is such that it is difficult for pedestrians to cross the intersection of Connecticut and Porter Street.

We do not not want developers and the D. C. Zoning Commission destroying our neighborhood.

Sincerely,

Ruth Childers Scott
